A man walks into a New York City bank and says he wants to borrow \$2,000 for three weeks! The loan officer asks him what kind of collateral he has. The man says "I've got a Rolls Royce – keep it until the loan is paid off – here are the keys." The loan officer promptly has the car driven into the bank's underground parking for safe keeping, and gives the man \$2,000.

Three weeks later, the man comes into the bank, pays back the \$2,000 loan, with \$10 interest, and regains possession of the Rolls Royce. The loan officer asks him "Sir, if I may ask, why would a man who drives a Rolls Royce need to borrow 2 thousand dollars?"

The man answers, "I had to go to Europe for three weeks, and where else can I store a Rolls Royce for that long for ten dollars?"
