**GLOBAL PAYMENT CHIP CARDS**

We are please to announce the rollout of our Global Payment Chip Cards. Members that have an existing Global Payment Card can expect a new and improved Global Payment Card with Chip Technology coming soon to you in the mail. Keep in mind that you will be receiving 2 envelopes; the first with your Personal Identification Number (PIN), then a second envelope with your new Global Payment Chip Card. Chip Technology can give our members piece of mind while making a purchase. Chip cards contain an embedded microchip which is virtually impossible to replicate. This provides significant protection against card counterfeiting and fraud.
